W. D. Clarke returned from a business trip to Oklahoma City yesterday.

Mrs. M. O. Reese, from Rochester, Indiana, is here visiting her daughter, Mrs. W. C. DeWitt.

L. V. Fox, formerly with the Ringling railroad as auditor, but now of Oklahoma City, is spending Sunday here.

Mayor Roberts returned from Oklahoma City yesterday where he went to attend the annual meeting of the mayors of the state.

STREET STORIES

Mrs. J. E. Moorehead is reported to be quite ill at her home on C street, northwest.

Mrs. A. J. Tillman, who underwent an operation at the Hardy Sanitarium, is improving.

Mrs. W. J. Lane, who has been quite sick for the past week, was reported somewhat better yesterday.

W. E. Ramsey received a telegram from his brother, W. R. Ramsey, at Oklahoma City yesterday, announcing the birth of a son.

Frank Pettitt, who has been confined in the Hardy Sanitarium for quite a while, undergoing treatment, is getting along nicely.

Notwithstanding the inclement weather yesterday, there was a good crowd of country people in the city, and the merchants enjoyed a brisk trade.

T. L. Nichols is here from Kansas City installing the heavy machinery in the Cook laundry. The rain interfered somewhat with the work, and caused a delay of a few days.

Mr. and Mrs. L. N. Murdock and Mr. and Mrs. Erret Dunlap went to Ringling Thursday where Thanksgiving dinner was taken with Prof. and Mrs. Dunlap, who reside in that city.

The oil mill is doing a good business in furnishing feed for the cattle which is being fed south of the city. At present there are over 1,000 head being fed there by different parties.

J. W. Johnson and daughter, Maud, who spent Thanksgiving in Kansas City, where they witnessed the football game between Oklahoma and Haskell, have returned, and left for their home near Milo yesterday.

Mrs. W. F. Whittington who has gone to the Mayo hospital in Rochester, Minn., has arrived there, but her case has not been diagnosed. She stood the worry of the trip well. Miss Jewell Whittington accompanied her.

The roads between this city and the oil fields are going to require some work done on them this winter during the wet season. They are becoming badly cut up in places already, and unless given immediate attention, will be worse.

Mrs. Tom Robnett of Davis, who has been confined to the Hardy Sanitarium for some time, where she underwent an operation, is almost well, and will be discharged from that institution today. Mr. Robnett came down from Davis yesterday to take her back with him.

The burglar who entered "Shorty" Grisham's store and appropriated some clothing Wednesday night, was a fastidious individual. After selecting the clothes he desired from the stock, he filled a large galvanized tub which was in the rear of the store, and proceeded to take a bath before donning his new clothes.

O. K. Darden was here yesterday from Lone Grove. He has been suffering from an attack of rheumatism followed by bronchitis. His illness, however, has not interfered with his enthusiasm for the pecan industry in this county, and he says that he will be ready to bud the native pecans within a month, when the budding should be begun.

Those who live in the southwest portion of the city would like to see the park board repair the walk which runs angling across the Central park. A few loads of gravel would keep the feet of the children out of the mud, and the citizens would like to know if the park board has the funds it can use for this purpose.

Berwyn is looking forward. The people have organized a good brass band, and the boys are making good music. They recently had installed in their midst a moving picture show which is doing a good business. The Berwyn merchants and business men are not complaining over present conditions, but are making the best of the situation, and are looking forward to better business next year.

Cotton was selling on the streets yesterday at from 6 to 7.25, with little offered. Up to date, the total wagon receipts have been 12,000 bales, which is not nearly the number received at the same time last year. The farmers have been encouraged to hold as much of their cotton as possible by their creditors, and it is estimated that forty per cent of the cotton is yet to be sold.

The department of commerce and labor has issued a bulletin in which they state that the total number of bales of cotton ginned in Carter county up to and including Nov. 13, was 19,161 bales, as against 17,937 bales for the same date last year. Of this amount, a little over half has the sold, the balance being either in the compress warehouse, or still in possession of the farmers.

W. B. Graham, clerk at the Randol hotel, who came here a short time ago from Wichita Falls, has one grandson and two nephews in the British army. His son moved from the family roof in Alabama and went to Canada, and accepted employment in the lithographing department of the Canadian government. He reared his son, Robert Graham Jr., in that country, and when the war came the son enlisted and is now at Aldershot in training, and is expected at any time to be sent to the front. The two nephews also enlisted in the Canadian army and are now at Aldershot in the same army with his grandson.

Woodford Wheat Report.

E. F. Riser was in the city yesterday from Woodford. He states that some of the farmers are sowing wheat and that the late crop of wheat is looking very good. The chinch bugs and greenbugs have been working on the crop some, but the greenbugs have disappeared, and there are but few chinch bugs now. The rain the past week was not sufficient to drive the chinch bugs away. However, he says the wheat crop is a fair stand and taken as a whole it is looking good.

HIGH SCHOOL NOTES (Contributed)

Dr. C. C. Weith will address the students in chapel next Wednesday morning. Mrs. N. C. Wood will add to the occasion with a vocal solo.

Prof. M. M. Wickham, chair of biology in the Southeastern Normal School at Durant, was a high school visitor last Friday. He addressed the county teachers association Friday afternoon.

The High School Mothers' Club will meet Monday afternoon in the high school building. Every mother in Ardmore, who has a child attending the high school, is urged to be present.

The term examinations in the ward schools will be held next Thursday and Friday.

Scott Glenn, former superintendent of city schools in Shawnee, visited the high school Tuesday morning.

The Estelle Gray Concert Company, the third number of the Lyceum course, will be here Wednesday evening.

The county teachers' association met Friday and Saturday in the high school auditorium. Pres. Chas. Briles of the East Central Normal School, addressed the teachers Friday evening. He compared the progress of education in Oklahoma with that in other states, and figures show that Oklahoma is far above the average.

The faculty burlesque given by the Senior class last Wednesday afternoon, was one of the most entertaining programs given from the auditorium stage this year. The students did their parts well, and the instructors had an excellent opportunity to see themselves as others see them. There was a chapel scene, many class room scenes, and a scene in the faculty meeting. Enough money was realized from receipts at the door to pay all debts of the athletic association.

Rev. Byron Hester, of Pryor, Okla., addressed the student body Tuesday morning in chapel. Rev. Hester is an old school mate of Messrs. Combs and Hammonds.

The musical program given last Wednesday morning by the high school students, was the best ever given on a similar occasion. The girls' choral club, the boys' choral club, the glee club, and the boys' quartet, under the direction of Mrs. McClintock, and the orchestra under the direction of Mr. Sol. Lowenstein, furnished the music. Many visitors were present to enjoy the entertainment afforded by the students.

Mr. Paul E. Nelson, formerly instructor in science, left last Thursday for his home in St. Louis. Miss Blanch Hull, who has been chosen to take his place, was here Friday morning ready to assume her new duties. Miss Hull comes to the Ardmore high school from Lawrence, Kansas, where she received her M. A. degree from Kansas university. Miss Hull has had excellent training and experience, and will help the Ardmore high school attain those standards which she has kept heretofore.

DEATH NEAR NEWPORT.

W. G. Easley Succumbs to Pneumonia While Traveling Through Country

A man named W. G. Easley who was traveling in a wagon from Willis to Tuttle, became ill at the home of Mr. Smith near Newport, several days ago and died Saturday morning at 6:00 o'clock. He was ill nine days. The neighbors there did all that could be done for him and efforts were made to learn something of his family, but he was delirious and but little could be learned. He had a check book of the First State Bank of Kingston and the bank was phoned to for the purpose of trying to locate one or two daughters which he is presumed to have living there. One daughter, he said, was named Mrs. Jim Montgomery and lived either at Willis or at McMillan. A burial outfit was purchased here, and the remains will be buried today at Newport. Deceased was about 70 years of age.
